

SyC Smart Cities 2nd Plenary meeting in Tokyo, February 2017

Shuji Hirakawa

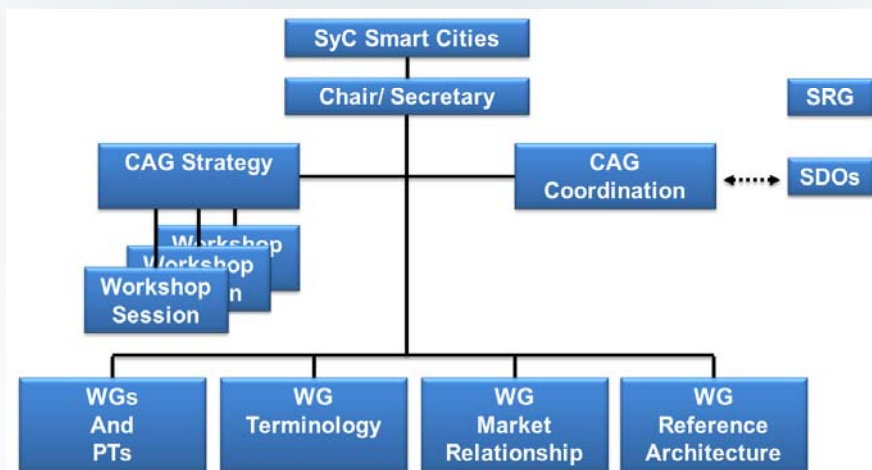

2017-05-17, Singapore

SyC Smart Cities 2nd PL meeting

- **SyC Smart Cities Meeting 2 held in Tokyo (JP), on 2017-02-17**
- **WG1, WG2, WG3 and CAG1/2 had their meetings also in Tokyo before the 2nd PL meeting**

Organization of SyC SC

3

TC100/AGS

2017/5/17

	Wed 15 Feb.		Thu 16 Feb.		Fri 17 Feb.
	AM	PM	AM	PM	All day
WG 1		15:15-17:15	-	-	-
WG 2	9:30-12:00	-	-	-	-
WG 3	-	13:00-15:00	-	-	-
CAG 1 & 2	-	17:30-19:30	-	-	-
Workshop on "Systems approach"	-	-	9:00-12:30 Registration starts at 8:45	-	-
Workshop on "Smart City needs"				13:30-17:00	-
Plenary	-	-	-	-	9:30-17:00 Registration starts at 9:00

2017/5/17

3 Vice-Chair nominations

- **Dr Sun Wei CN**
- **Mr Michael Mulquin GB**
- **(Decision 2017-02/02):**
The SyC Smart Cities nominated
Ms Sun Wei as Convenor for the CAG
Coordination and
Mr Michael Mulquin as Convenor for the
CAG Strategy

5

TC100/AGS

2017/5/17

5 Target of SyC SC activity

(Decision 2017-02/03):

SyC Smart Cities Objectives:

1. **Engage with city stakeholders to identify common needs and pain points and best practices and use these to develop electrotechnical standards that provide real value to cities**
2. **To provide global electrotechnical standards as practical evaluation frameworks to enable fair competition and appropriate deployment of resources by city stakeholders**

Method: Joint work and adoption of SRG methodology

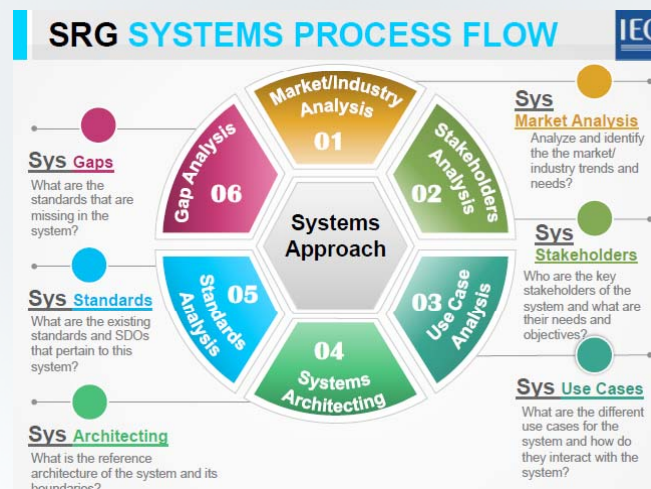

6

TC100/AGS

2017/5/17

Adopt as a working method & adjust it for SyC SC's systems approach

7

TC100/AGS

2017/5/17

6 Debriefing on the Systems approach workshop

The Chair summarizes the outcome of the Systems approach workshop where were analysed the processes

- A. Needs analysis
- B. Stakeholder analysis
- C. (High level) use case analysis

These processes have evidenced the factors

- 1. Collaboration
- 2. Iterative
- 3. Traceability

8

TC100/AGS

2017/5/17

The key pillars for Smart Cities

- **Economic sustainability**
- **Social sustainability**
- **Environmental sustainability**

(Reference to Smart Cities White Paper)

City needs

Stakeholder analysis

2017/5/17

7 WG and CAG activity reports

7.1 Report of WG 1, Terminology

- Mr Mulquin reported about the WG 1 meeting.
- ISO/TC 286 has just published a standard about Smart Cities terminology: ISO 37100
- WG 1 will review this standard and investigate how to complement it with electrotechnology terminology. Two options are possible, collaborate with ISO and develop jointly a second edition (ISO/IEC 37100) or develop an IEC standard referencing ISO 32100.

(Decision 2017-02/04): Mrs Xiaomi An (China) is nominated Co-Convenor for SyC Smart Cities/WG 1.

WG 1 Terminology

- **Develop and maintain a common set of terminology for the SyC**
- **Convenor: Mr Michael John Mulquin GB**
Co-Convenor: Mrs Xiaomi An CN
- **18 experts including myself**

15

TC100/AGS

2017/5/17

7 WG and CAG activity reports

7.2 Report of WG 2, Market aspects

Mr Biyu Wan reported about the WG 2 meeting (Decision 2017-02/05): All Working Group conveners should have access to the collaboration tools for all Working Groups (Conclusion from the Chair): WG 2 should make reference to the already existing use cases from SEG 1 and should process them through the standard template documented in IEC 62559-2. (Action to WG2 Convener)

16

TC100/AGS

2017/5/17

WG 2 Market Relationship

- **Identify the key aspects of a Smart City**
- **Collect and analyse use cases**
- **Electrotechnical aspect of smart cities simulation**
- **Road test standards in real cities**
- **Convenor: Mr Biyu Wan CN**
Co-Convenor: Mr Sicelo Xulu ZA
- **26 Experts**

17

TC100/AGS

2017/5/17

7 WG and CAG activity reports

7.3 Report of WG 3, Architecture model

**Mr Kishor reported about the WG 3 meeting
WG 3 needs to collaborate with WG 1 and WG 2.
The WG will focus on the following action items:**

- **Support to develop use cases with WG 2**
- **Smart City reference model in collaboration with WG 1**
- **3D classifications**
- **Reference architecture**

18

TC100/AGS

2017/5/17

WG 3 Reference Architecture

- **Develop and maintain a reference architecture model and standards mapping tool for smart cities in collaboration with the IEC Systems Resource Group (SRG)**
- **Convenor: Mr Narang Nand Kishor IN
Co-Convenor: Mr Heng Qian CN**
- **26 Experts**

19

TC100/AGS

2017/5/17

CAG 1 Strategy

Tasks of CAG 1 Strategy:

- **Roadmap for SyC Smart Cities**
- **Gather roadmaps from the TCs and SDOs engaged**
- **Maintain relationship and information exchange with users of the standards (city stakeholders)**
- **Develop and maintain the Strategic Business Plan (SBP) of the SyC**
- **Discuss and propose the future structure for SyC Smart Cities**
- **Vice Chie / Convenor: Mr Michael John Mulquin GB**
- **10 Members including myself**

20

TC100/AGS

2017/5/17

CAG 2 Coordination

Tasks of CAG 2 Coordination:

- Collaboration platform for the (ISO/IEC/ITU) TCs and other SDOs
- Harmonize work in the scopes “gray zones” between the SDOs
- Analyze gaps, and overlaps of work and overlap of standards
- Management of the work inside SyC Smart Cities
- Agreeing on necessary work items for SyC Smart Cities and related TCs
- Electrotechnical aspect assessment of smart cities
- Vice Chair / Convenor: Ms Wei Sun CN
- 10 Members including myself

21

TC100/AGS

2017/5/17

8 Future plan

(Decision 2017-02/06): SyC Smart Cities agrees to hold WG meetings as proposed and thanks the Chinese NC for hosting the meeting

(Decision 2017-02/07): SyC Smart cities will hold its next meeting in Germany, from 29 January to 2 February 2018

22
